

Dropping Some (Not All) Courses

Students who intend to remain enrolled in classes, but wish to drop one or more courses, just drop those courses by the end of the Course Add/Drop Period (2nd Friday of classes) to receive financial credit/tuition and fee reimbursements). Students are financially responsible for any courses they are enrolled in as of the end of the Add/Drop Period PLUS any courses they enroll after that date unless they are entirely withdrawing (dropping all courses) from the University.
